

BL MANILA'S UPDATE JANUARY – FEBRUARY 2021

MINISTRY HIGHLIGHTS

Thank God for the opportunity to be part of BL Dawn Harvest Church's weekly online services. Every week one area is in charge of the services and because of that we are able to train some of our new music ministers. Praise God for the commitment of these young people to serve Him despite of their busy schedules in online classes.

Thank God for the life of Tatay Romualdo, the husband of Nanay Gina and the father of our scholar who committed his time once a week in helping to renovate our new center to make it more beautiful. Praise God for His provisions financially.

Praise God for the lives of our Pandacan youth boys who helped in cleaning and painting our new center for one whole day. We can really see their happiness and excitement in our new center and they cannot wait to use it.

Weekly visitations in our community is really indeed a blessing and a wonderful experience because we are able to continue to build relationship and get to know more our community. Ate Liza, our BL worker in Mandaluyong will commit to help disciple our Women's ministry. And Jessie (boy with red shirt), our new intern from FEBIAS College of Bible will help in our ministry every Sunday. We already started our weekly visitation together with him to introduce and get familiar in our community.

Praise God for a very successful Progressive plan presentation last February 28 to Pandacan, Manila core leaders. We are able to have meeting, training and discuss the new direction of BL starting this year 2021.
